Recent graduate of Carleton University coding Bootcamp. Innovative analytical person who is passionate about developing apps with a focus on mobile-first design and development. Strengths in creativity, teamwork, where excellence thrives, and result is priority and building project from ideation to execution.

Education

Carleton University, Ottawa, ON

Certificate: Carleton University Coding Bootcamp - Full-Stack Web Development

An intensive six-month program which teaches full-stack web development from the ground up. Students develop foundational skills in HTML, CSS, JavaScript and GIT with an eventual focus on the MERN stack.

August 2020 - February 2021

Bachelor of Engineering, Software Engineering, Co-op Option.

A five-year program focused on the design and development of all thing's multimedia. The program balances design skills (UI/UX Design, Game Design, Animation) with technical/ programming skills (C++, JavaScript, Software Design) and includes several projects requiring collaborative work.

September 2019 - Present
